

North Carolina Record Keeping

By Hans van Meeteren

Tammy Yates, Director of Competitive Aquatics at the Goldsboro YMCA has taken over the maintenance of the North Carolina records files.

Tammy will update the record files using the published results of meets sanctioned by the LMSC for NC, results of national championship meets and the national Top Ten lists.

If you swim in recognized meets, such as USAS meets or State Games, you should still let me know so I can verify the results and include them in the national USMS results database.
